EUROPEAN ANTIBIOTIC AWARENESS DAY
A EUROPEAN HEALTH INITIATIVE

Care for your kids - use antibiotics wisely

ecdc
EUROPEAN CENTRE FOR DISEASE PREVENTION AND CONTROL

Prevent infections. Reduce the need for antibiotics.

Vaccination protects children from many infections and can reduce the need for antibiotics.

Keep up to date with your child's vaccinations.

vaccination-info.eu

Clean hands help prevent infections from spreading.

Teach children to wash their hands to protect them from getting sick.
